

### Where are relocations up to?

Since 2016, FACS has supported over 210 Ivanhoe households to relocate in preparation of the estate's redevelopment.

We understand that for many residents the need to move is a difficult experience and we will continue to ensure that each and every relocation is managed sensitively.

We will continue to make suitable offers to those remaining residents at Ivanhoe by matching them to a home that meets their needs

If you have not received an offer of a home to relocate to please be assured that we are working hard to find something suitable for you.

► **Please contact your Relocations Coordinator on 1800 295 406 or visit Ivanhoe Connect at 19 Ivanhoe Place if you would like more information.**

### First Stage Works to Commence

Works on the first stage of redevelopment at the top of Ivanhoe Place will begin in early April 2018.

These buildings will be demolished to allow for a new information and sales centre to be built and open access to the first stage of redeveloping the estate to build new homes, open space and community facilities.

The centre will be open to all Ivanhoe residents to find and get information about the new social housing and community development programs.

We will issue residents with a detailed letter of these works before they commence providing information and contact numbers for you to use if you have any issues or questions you would like to have answered.
